## FUKK IS LOOKING FOR NEW MEMBERS

The independent art cooperative FUKK is looking for new members to join us. Forenede Uafhængige Københavnske Kunstnere (or United Independent Copenhagen Artists) is a self-organized art collective, which was formed in 2011 in Copenhagen, Denmark to foster an independent alternative to established art institutions. The group is currently constituted by 13 artists, working together in a variety of mediums. What we all share is a passion for independent learning and collective collaboration.

FUKK's activities are determined entirely by its members. This means that as a FUKK member you are not only a student but also a teacher, organizer and administrator of the collective.

At FUKK we grow together through collaborative art experiences - exhibitions, events, installations, performances, parties, etc. - and the most necessary qualification for membership in FUKK is a passion for collective creation, ie - channeling your individual skills and interests into the group and sacrificing your individual claim to the work.

### Practical information

- Our work at FUKK is based around a monthly planning meeting and weekly working group meetings (every Wednesday). We get together and eat, discuss, learn, develop and play along different themes we have agreed. Current themes include experimental music, spaceship building, games, art party planning and more! FUKK is always open to new ideas and initiatives...
- You should know that the FUKK Membership fee is 625 kr. pr. month, which we all pay to support the 90sqm common studio (workshop, library, and common work/lecture/teaching space).
- There's a 2 months deposit which add up to **1250 kr.**
- Members are also welcome to (and do) use the studio for their own individual work and smaller scale collaborations - and are able to organize events at the studio (concerts, workshops, etc).

### Application

If this catches your interest then send us an application consisting of a portfolio and 1/2 - 1 page about yourself and why you want to join FUKK. In continuation of the above descriptions we ask you to focus more on how your individual experiences, skills and qualifications can contribute to the collective project - and why you want to do collaborative work in the first place.

### Send the application to:

[call@fukk.dk](mailto:call@fukk.dk)

Deadline is continuing, but please apply as soon as possible.

Reply: FUKK will reply within a week.

Don't worry.

### FUKK LOVES YOU!
