

OFFICE SPACE FOR RENT

JOIN OUR SHARED WORKSPACE/STUDIO IN NORDHAVN

The art collective FUKK (Forenede Uafhængige Københavnske Kunstnere) is opening its beautiful 135m² studio up to provide personal workspaces.

We've created a new upstairs office in our shared studio with workspaces that can be tailored to your needs. The studio offers you a relaxed work environment, access to our collective

event space and to a community of other folks pursuing their individual work and collaborating on passion projects - in a unique professional & collective studio/workspace. All this is available 24/7!

With a personal workspace at FUKK you can both focus on your own work and/or take part in FUKK's collaborative events and projects.

PB43 is a true gem, and a creative community housing the studios of visual artists, architects, cycle-makers, designers, musicians, dressmakers, permaculturists, DJs, giant wooden trolls, and so much more! Also, we've got a sauna.
