

# FUKK IS LOOKING FOR NEW MEMBERS

Join our shared workspace/studio in Nordhavn

**FUKK is a diverse international artist-run space and studio.**

As a member you become part of a community of other people pursuing their individual work and collaborating on passion projects. We get together and eat, discuss, learn, develop and play along different themes. See some of our projects at [www.fukk.dk](http://www.fukk.dk)

Together we also host a range of workshops, concerts, cinema screenings, lectures, exhibitions and performative parties that all eventually nurture the collective dialogue and spirit that feeds us.

Members are also welcome to (and do) use the studio, for their own individual work and smaller scale collaborations - and are able to organize events at the studio (concerts, exhibitions, workshops, etc).

**We offer two types of membership:**

**1: Personal desk space. Rent: DKK 1050/month**

Includes: A desk on the top floor and a place to store the "tools of your trade" and personal belongings. Access to all common spaces, workshops, tools etc.

**2: A FUKK membership. Rent DKK 850/month**

Includes: Use of all common areas + use of the shared table upstairs.

Both memberships give access 24/7 to our 90m<sup>2</sup> common studio (wood workshop, all kinds of tools, library, printing facilities, sound equipment, projector, paper etc.)

Members share responsibility for ensuring the space and the collective thrive.

## FUKK is apart of the larger creative community PB43

Renting a workspace with FUKK gives you access not just to FUKK's facilities but to the larger community of PB43. PB43 is a true gem, and a creative community housing the studios of visual artists, architects, designers, musicians, dressmakers, DJs and so much more! Also, we've got a sauna.
